Education

Pursuing Bachelor of Computer Applications (BCA) | IGNOU University, Noida

2023 - Present

Diploma in Computer Science & Engineering | CGPA: 8.1 | Government Polytechnic Dwarahat

2022

Projects

Personal Portfolio Website

Website

Link: [Deepak Pandey - Portfolio](#) 

- Developed and deployed a responsive personal portfolio website to showcase projects and professional background. Designed a clean and user-friendly UI using HTML, CSS, and vanilla JavaScript. Integrated Google Maps API to visually display current location. Implemented seamless page redirection for navigation between sections (About, Projects, Contact, etc.). Built a functional contact form with local storage support to retain user inputs for offline reference.

ATS Tracker

Website

Link: [ATS Resume Tracker Pro - Dashboard](#) 

- Developed an Applicant Tracking System (ATS) using HTML, CSS, JS to streamline resume screening and shortlisting. Built a UI to upload and parse multiple resumes simultaneously along with job description. Automated candidate ranking with visual scores, allowing multi-candidate selection for faster recruitment decisions.

HR Interview Bot

- Developed an HR Interview bot using React, Python, Node JS to streamline candidate resumes for screening and shortlisting and built multiple UI.

Chatbot

- Developed a Chat-bot using Gemini API, Node.js, and Express.js with scraping logic and extensions for LLM and neural structure integration.
